

Greetings Jamboree Band,

This email is a bit late as I have just returned from Buffalo, NY having been rather busy traveling with the Villanova Band to the NCAA Tournament. Unfortunately, that's all over now and its time to get back to our Jamboree preparations. Here is another installment of information, this time from Jeff Kitzman who will be heading up one of our subgroups, the Rockin' R&B Horn Band. Give it a try!

George Pinchock

Attention All Jamboree Band Members

For the first time ever, the Jamboree Band will include a Rockin' R&B Horn Band - "Summit and the B+S=A Horns"

Besides your regular band instrument, do you play Drumset, Guitar, Bass or Keyboards? Or maybe you are a great singer.

We will be putting together a band consisting of Vocals, 4-6 Horns, Keyboards, Guitar(s), Bass and Drumset.

This group will perform the some great music ranging from current tunes like Uptown Funk, all the way back to great horn band music by groups like Tower of Power, Chicago, Earth Wind & Fire, and other great R&B Classics. Members of the group will also have input on tune selection.

All interested musicians should see attached file, or follow this [LINK](#) for audition guidelines and materials

Musicians chosen will get all the music in advance and we will be asked to report to the Jamboree ready to rock. We are already lining up gigs.

Questions about auditions can be sent to Jeff Kitzman jeff.kitzman@gmail.com
